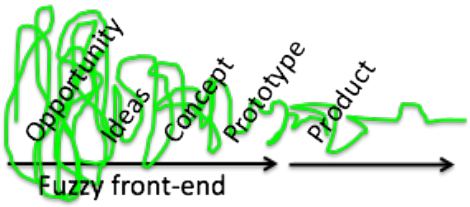
Do you have a great idea for a new product?

Have you developed a potentially game-changing innovation?



Are you looking for financing?

Are you looking for senior management support?

Are you seeking a strategic partner?

Is your value proposition well supported by your business plan and pitch?

Do you know what captivates venture capitalists, angels and senior management?

Duncan understands how financiers and executives evaluate opportunities.

Duncan knows what the must have's are, and more importantly the must not have's (deal killers)

- Former corporate portfolio and project manager
  60 project portfolio and 10 research projects
- Former early-stage venture capitalist
  70 due diligent reviews resulting in 6 investments
- Former angel group organizer
  16 investor presentations resulting in 3 financings
- Former university technology transfer coordinator
  Assembled commercialization best practices
- Lecturer and student on/of the innovation process
- Consultant on strategic innovation

Duncan can assist you in strengthening your value proposition, supporting arguments, project plans and pitch

- improving both your opportunity's probability of securing sponsors and your opportunity's probability of commercial success.
